

Just think of the money you could make . . . the money you could save . . . if you had a Timesharing System that could operate for 10¢ per terminal hour.

You can.

It's our BTI Model 3000 Interactive Time-sharing System.

A system that's ideally suited to management and administrative functions,

engineering problem solving, education, data collection, and has been field proven in a wide variety of dedicated applications such as dealer inventory, real estate, general ledger, and automatic ticketing.

You can operate up to 32 ports with this powerful system using BASIC with many extensions. The 3000 works with

virtually all ASCII-compatible terminals at user-selectable speeds from 100 to 2500 bps and has on-line storage capacity up to 4 billion bytes.

To see how you can turn a dime into a profit producer for your company, invest in a letter or phone call today. We'll send you full information on the BTI 3000 System.
